the secret life of..

Channel 4 series 'the secret life of...' is returning to follow new groups of four and five year olds as they take their first steps towards independence.

The series will follow their development from the moment they meet for the first time, through their forming of friendships, learning social rituals and friendly competition. The entire process will be observed and monitored by leading scientists and child psychologists who will provide occasional comment on the children's stages of development.

We are currently looking for groups of **four and five year old children** and their parents to take part in this programme for Channel 4.

Your child would be needed for up to three weeks of filming during the summer holidays.
