

Government PE Grant 2016-2017

We received £8375 for 2016-2017. We have used £2100 of this to purchase a Service Level Agreement between our Learning Community Schools to ensure that pupils are given the opportunity for inter-school sporting events and staff have access to high quality continuing professional development. We have used the remainder of the grant towards our transport costs to access indoor facilities for weekly PE lessons such as gymnastics and swimming.
